RE: REVERSE OSMOSIS DRINKING WATER DISPENSERS

We have now been using Life Solutions and their reverse osmosis drinking water systems for almost four years, in our Hutchison House office.

We have been very happy with the quality and taste of the water, not to mention the environmental benefits of using such a system, in comparison with bottled water.

Life Solutions have provided a professional and efficient service when answering any maintenance issues or concerns and we would recommend their services to any potential customer.

With kind regards,

Yours sincerely,
