To Whom It May Concern,

Re: LIFE SOLUTIONS DRINKING WATER SYSTEMS

We installed our first Life Solutions unit in 2005 and having previously been unaware of the benefits of reverse osmosis drinking water, we were intrigued to see the results. Suffice to say that we have not looked back. Life Solution's machines have provided us with great tasting water; saving us money and removing our reliance on bottled water in the process.

As a company that prides itself on our client relationships, we are pleased to say that we have found one of our own in Life Solutions. Their focus on after-sales service has ensured that our experience with them has been nothing but pleasant. We are treated as if we are their only client.

We would therefore highly recommend others to change their ways and opt for Life Solutions filtered drinking water systems in their workplace or home.

Yours faithfully,

A handwritten signature in blue ink is written over a circular stamp. The stamp contains the text 'JEB GREATER CHINA LTD' around the perimeter and 'UNIT B' in the center. There is also a small asterisk-like symbol at the bottom of the stamp.
