Dear Cawah,

**Re: H2O Reverse Osmosis Water Purification Drinking System**

We would like to express our appreciation for the benefits brought by the H2Office Reverse Osmosis (RO) drinking water systems to our office. True to your words, the systems save us cost and space while saving the environment.

We are also impressed by your after-sales service. Our systems have been well maintained. You always put your customers first and all requests are being promptly handled. We are very pleased with the supportive attitude and excellent follow up that you have offered to us.

Thanks again for introducing us to this healthy and environmental friendly drinking water.

Yours faithfully,

Varina Lau  
Manager, Office Administration
